*Note: Labor costs for search, location, examination and redaction (categories 1 and 2 on the itemization form) may not be charged unless the failure to charge a fee would result in unreasonably high costs to the public body because of the nature of the request in the particular instance, and the public body specifically identifies the nature of these unreasonably high costs.

The Court of Appeals has interpreted this provision to require that the determination be made relative to the usual or typical costs incurred by the public body in responding to FOIA requests. The key factor in determining whether the costs are "unreasonably high" is the extent to which the particular request differs from the usual request. *Bloch v Davison Cmty Schools*, (Mich.App. Apr. 26, 2011), 2011 WL 1564645.
